

The Fuelman® Public Sector Fleet Card

The Control You Need...
The Tax-exempt Purchasing You Want

Cutting costs and administration is as easy as buying fuel

For more than twenty years, Fuelman Fleet Cards have been a convenient way for organizations with vehicles to purchase fuel and maintenance while keeping spending under control and capturing information to track and allocate expenses. The Fuelman Public Sector Card takes these benefits one step further with tax-exempt reporting and tax filing designed specifically for non-profit institutions, educational organizations, municipalities and government services — any qualifying tax-exempt organization.

Whether you want Fuelman to take on the entire tax-filing process, where you pay no taxes at the time of billing on qualified purchases and we file the reports on your behalf, or you simply want detailed tax reports to make filing easier, the Fuelman Public Sector Fleet Card is the solution.

Control Spending

- **Restrict card purchasing** to fuel only, or fuel and maintenance only
- **Customize purchase limits** by type of fuel, time, date and/or gallons
- **Control fraud** with real-time, purchase exception email alerts
- **Monitor activity** with instant access to transactions as they happen

Save Money

- **Save 10-15%** on overall fuel expenses by eliminating unauthorized spending, increasing accountability and improving efficiencies*
- **Earn valuable volume** rebates based on overall fuel purchases
- **Pay for fuel only** — no set-up fees, transaction fees, card fees or annual fees
- **Keep vehicles on the road** with optional road-side assistance and maintenance programs

Save Time

- **Save time** with online account management, and optional e-billing and e-payment
- **Receive one simple report that details** transactions by driver, vehicle and department
- Download transaction information into usable **Microsoft® Excel®** format
- **Start saving immediately** with assistance to set up your account and optimize card controls
